BOSTON  
MUNICIPAL REGISTER  
FOR 1927.

### THE CITY SEAL

As it appeared prior to 1827.

The City Seal was adopted by "An Ordinance to Establish the City Seal," passed January 2, 1823, which provides "That the design hereto annexed, as sketched by John R. Penniman, giving a view of the City, be the device of the City Seal; that the motto be as follows, to wit: 'Sicut patribus sit Deus nobis'; and that the inscription be as follows:—'Bostonia condita, A.D. 1630. Civitatis regimine donata, A.D. 1822.'" The motto is taken from 1 Kings, viii., 57: "God be with us as He was with our fathers."

The seal as it first appeared is shown above.

The seal as it was afterwards changed, and has ever since continued to be used, was first shown on page 221 of the volume of laws and ordinances, commonly known as the "First Revision," published in 1827, and is established as the City Seal at the present time by Revised Ordinances of 1914, Chapter 1, Section 5, which provides that "The seal of the City shall be circular in form; shall bear a view of the City; the motto 'SICUT PATRIBUS SIT DEUS NOBIS,' and the inscription, 'BOSTONIA CONDITA, A.D. 1630. CIVITATIS REGIMINE DONATA, A.D. 1822,' as herewith set forth."

The seal as changed in 1827 is shown on the opposite page.

## INTRODUCTION.

---

As a public document THE MUNICIPAL REGISTER is as old as the City of Boston itself, the first volume having been published in 1821, a year before the government of Boston changed from Town to City. Up to 1840 the title of the volume was: The Rules and Orders of the Common Council. From 1821 to 1829 the document contained merely a register of the City Council and a list of the officers.

In 1829 the City Charter was published as a part of the volume, and in 1830 the Acts relating to Boston, also the ordinances were added. In 1832 the size of the volume was increased by the addition of an index to the contents. The volume published in 1822 contained fifteen pages and for the year 1840 there were eighty-eight pages, including three pages of index.

The title MUNICIPAL REGISTER was adopted in 1841 when the publication became more ambitious, incorporating in its pages, the Rules and Orders of the Common Council, joint rules, ordinances of the City, statutes of the Commonwealth relating to the City, a list of the public schools, the City Government of 1841, the committees and departments (consisting at that time of the treasury, law, police, health, public land and buildings, lamps and bridges, fire, and public charitable institutions), and a list of the ward officers.

From 1842 to 1864 it also contained a list of the members of preceding City Governments, a necrological record of those members, the latest ordinances and the special statutes relating to the City. In 1851 a list of the annual orators was added, and in 1853 a map of

the City and the Rules of the Board of Aldermen. In 1876 statistics of registration and voting were included, carried from 1879 to 1924 in tabulated form.

From 1889 to 1896, inclusive, THE MUNICIPAL REGISTER also contained a compilation of the Charter with the revision of 1854 and the amendments of 1885 and thereafter. The Amended Charter of 1909 (15 pages) was added in 1910, and the various changes in same since that year have been stated in footnotes.

In 1924 the important amendments to the Charter enacted in that year (10 pages) were included.

The 1925 volume contained, as the latest addition, descriptions of the ward boundaries as fixed for the 22 new wards (formerly 26) in December, 1924.

Beginning in 1924, *The Boston Year Book*, the most comprehensive municipal publication yet undertaken, was issued. It treats extensively of municipal activities as well as community conditions and interests, containing illustrations and diagrams. This publication, covering a different and much broader field than THE MUNICIPAL REGISTER, now 86 years old and having a reputation to live up to, is not intended to absorb that annual document, but the statistical tables (52 pages) heretofore contained in the latter will be continued in the *Year Book*, thus permitting for THE MUNICIPAL REGISTER a desirable reduction in size and an earlier issuance.

## RULES OF THE CITY COUNCIL.

---

### DAY OF MEETING.

RULE 1. Unless otherwise ordered from time to time the regular meeting of the city council shall be held on every Monday at two o'clock p. m. Special meetings may be called by the president at his discretion, and by the city clerk for the purpose only of drawing jurors.

### PRESIDENT.

RULE 2. The president of the council shall take the chair at the hour to which the council shall have adjourned and shall call the members to order, and a quorum being present, shall proceed with the regular order of business. In the absence of the president the senior member by age present shall preside as temporary president or until a presiding officer is chosen.

RULE 3. The president shall preserve decorum and order, may speak to points of order in preference to other members and shall decide all questions of order, subject to an appeal. Any member may appeal from the decision of the chair, and, when properly seconded, no other business, except a motion to adjourn or to lay on the table, shall be in order until the question on appeal has been decided. The question shall be put as follows:

*"Shall the decision of the chair stand as the judgment of the council?"* The vote shall be by a roll call, and it shall be decided in the affirmative unless a majority of the votes are to the contrary.

RULE 4. The president shall propound all motions in the order in which they are moved, unless the subsequent motion shall be previous in its nature, except that, in naming sums and fixing times, the largest sum and the longest time shall be put first.

RULE 5. The president shall, at the request of any member, make a division of a question when the sense will admit of it.

RULE 6. The president shall, without debate, decide all questions relating to priority of business to be acted upon.

RULE 7. The president shall declare all votes; but if any member doubts a vote, the president shall cause a rising vote to be taken, and when any member so requests, shall cause the vote to be taken or verified by yeas and nays.

RULE 8. The president shall appoint all committees, fill all vacancies therein, and designate the rank of the members thereof.

RULE 9. When the president of the council or the president *pro tempore* shall desire to vacate the chair he may call any member to it; but such substitution shall not continue beyond an adjournment.

## MOTIONS.

RULE 10. Every motion shall be reduced to writing if the president shall so direct.

RULE 11. A motion to strike out and insert shall be deemed indivisible; but a motion to strike out being lost shall not preclude amendment, or a motion to strike out and insert.

RULE 12. No motion or proposition of a subject different from that under consideration shall be admitted under color of amendment.

RULE 13. When an order or resolution relates to a subject which may properly be examined and reported upon by an existing committee of the city council, such order or resolution shall, upon presentation, be referred to such committee. When a motion is made to refer any subject, and different committees are proposed, the motions shall be put in the following order:

1. To a standing committee of the council.
2. To a special committee of the council.

Any member offering a motion, order or resolution, which is referred to a committee, shall be given a hearing on the same by the committee, before a report is made thereon, provided he so requests at the time of offering the order or before final action by the committee.

RULE 14. After a motion has been put by the president it shall not be withdrawn except by unanimous consent.

RULE 15. When a question is under debate the following motions only shall be entertained, and shall have precedence in the order in which they stand arranged.

1. To adjourn.
2. To lay on the table.
3. The previous question.
4. To close debate at a specified time.
5. To postpone to a day certain.
6. To commit.
7. To amend.
8. To postpone indefinitely.

RULE 16. A motion to adjourn shall be in order at any time, except on an immediate repetition, or pending a verification of a vote; and that motion, the motion to lay on the table, the motion to take from the table, and the motion for the previous questions, shall be decided without debate.

## READINGS.

RULE 17. Every ordinance, order and resolution shall, unless rejected, have two several readings, both of which may take place at the same session unless objection is made, *provided, however*, that all orders for the expenditure of moneys, unless reported upon by a committee of the council, shall lie over for one week before final action thereon. Whenever

the second reading immediately follows the first reading, the document may be read by its title only; *provided*, that all orders releasing rights or easements in or restrictions on land, all orders for the sale of land other than school lands, all appropriations for the purchase of land other than for school purposes, and all loans voted by the city council shall require a vote of two-thirds of all the members of the city council, and shall be passed only after two separate readings and by two separate votes, the second of said readings and votes to be had not less than fourteen days after the first.

#### RECONSIDERATION.

RULE 18. When a vote has been passed any member may move a reconsideration thereof at the same meeting, or he may give notice in writing to the clerk, within twenty-four hours of the adjournment of any meeting except the final meeting, of his intention to move a reconsideration at the next regular meeting; in which case the clerk shall retain possession of the papers until the next regular meeting. No member shall speak for more than ten minutes on a motion to reconsider.

RULE 19. When a motion to reconsider has been decided, that decision shall not be reconsidered, and no question shall be twice reconsidered unless it has been amended after the reconsideration; nor shall any reconsideration be had upon the following motions:

To adjourn.

The previous question.

To lay on the table.

To take from the table.

To close debate at a specified time.

A motion to reconsider may be laid on the table or postponed indefinitely and the effect of such action in either case shall be to defeat the motion to reconsider.

#### CONDUCT OF MEMBERS.

RULE 20. Every member when about to speak shall rise, address the chair, and wait until he is recognized, and, in speaking, shall refrain from mentioning any other member by name, shall confine himself to the question and avoid personalities. Any member who, in debate or otherwise, indulges in personalities or makes charges reflecting upon the character of another member, shall make an apology in open session at the meeting at which the offence is committed or at the next succeeding regular meeting, and, failing to do so, shall be named by the president or held in contempt and suspended from further participation in debate until said apology is made.

RULE 21. No member shall speak more than once on a question when another member who has not spoken claims the floor, and no member speaking shall, without his consent, be interrupted by another, except upon a point of order.

RULE 22. No member shall be permitted to vote on any question, or to serve on any committee, where his private right is immediately concerned, distinct from the public interest.

## THE MAYOR AND CITY COUNCIL.

SECTION 1. The terms of office of the mayor and the members of both branches of the present city council of the city of Boston and of the street commissioner whose term would expire on the first Monday of January, nineteen hundred and ten, are hereby extended to ten o'clock A.M. on the first Monday of February, nineteen hundred and ten, and at that time the said city council and both branches thereof and the positions of city messenger, clerk of the common council, clerk of committees, assistant clerk of committees, and their subordinates shall be abolished. The officials whose terms of office are hereby extended shall, for the extended term, receive a compensation equal to one-twelfth of the annual salaries now paid to them respectively. The mayor and city council elected in accordance with the provisions of this act, and their successors, shall thereafter have all the powers and privileges conferred, and be subject to all the duties and obligations imposed by law upon the city council or the board of aldermen, acting as such or as county commissioners or in any capacity, except as herein otherwise provided. Wherever in this act the phrase "mayor and city council" appears, it shall be understood as meaning the mayor and city council acting on and after the first Monday of February, nineteen hundred and ten, under the provisions of this and the three following sections. The city council may, subject to the approval of the mayor, from time to time establish such offices, other than that of city clerk, as it may deem necessary for the conduct of its affairs and at such salaries as it may determine, and abolish such offices or alter such salaries; and without such approval may fill the offices thus established and remove the incumbents at pleasure.

SECT. 2. The mayor from time to time may make to the city council in the form of an ordinance or loan order filed with the city clerk such recommendations other than for school purposes as he may deem to be for the welfare of the city. The city council shall consider each ordinance or loan order presented by the mayor and shall either adopt or reject the same within sixty days after the date when it is filed as aforesaid. If the said ordinance or loan order is not rejected within said sixty days it shall

---

NOTE.—The Amended City Charter is contained in Chap. 486, Acts of 1909, consisting of 63 sections. Secs. 35 to 44, inclusive, are omitted, as these concern the alternative amendments which became inoperative on the adoption of Plan 2 by the voters in the State election, November 2, 1909.

be in force as if adopted by the city council unless previously withdrawn by the mayor. Nothing herein shall prevent the mayor from again presenting an ordinance or loan order which has been rejected or withdrawn. The city council may originate an ordinance or loan order and may reduce or reject any item in any loan and, subject to the approval of the mayor, may amend an ordinance. All sales of land other than school lands, all appropriations for the purchase of land other than for school purposes, and all loans voted by the city council shall require a vote of two thirds of all the members of the city council; and shall be passed only after two separate readings and by two separate votes, the second of said readings and votes to be had not less than fourteen days after the first. No amendment increasing the amount of land to be sold or the amount to be paid for the purchase of land, or the amount of loans, or altering the disposition of purchase money or of the proceeds of loans shall be made at the time of the second reading and vote.

SECT. 3. All appropriations, other than for school purposes, to be met from taxes, revenue, or any source other than loans shall originate with the mayor, who within thirty days after the beginning of the fiscal year shall submit to the city council the annual budget of the current expenses of the city and county, and may submit thereafter supplementary budgets until such time as the tax rate for the year shall have been fixed. The city council may reduce or reject any item, but without the approval of the mayor shall not increase any item in, nor the total of a budget, nor add any item thereto, nor shall it originate a budget. It shall be the duty of the city and county officials, when requested by the mayor, to submit forthwith in such detail as he may require estimates for the next fiscal year of the expenditures of the department or office under their charge, which estimates shall be transmitted to the city council.

The city auditor may, with the approval in each instance of the mayor, at any time make transfers from the appropriation for current expenses of one division of a department to the appropriation for current expenses of any other division of the same department, and from the reserve fund to any appropriation for the current expenses of a department; and may also, with the approval of the mayor, at any time between December first and February first, make transfers from any appropriation to any other appropriation: *provided, however*, that no money raised by loan shall be transferred to any appropriation from income or taxes. He may also with such approval apply any of the income and taxes not disposed of in closing the accounts for the financial year in such manner as he may determine.

SECT. 4. Every appropriation, ordinance, order, resolution and vote of the city council, except votes relating to its own internal affairs, shall be presented to the mayor, who shall make or cause to be made a written record of the time and place of presentation, and it shall be in force if he approves the same within fifteen days after it shall have been presented to him, or if the same is not returned by him with his objections thereto

in writing within said period of fifteen days. If within said period said appropriation, ordinance, order, resolution, or vote is returned by the mayor to the city council by filing the same with the city clerk with his objections thereto the same shall be void. If the same involves the expenditure of money, the mayor may approve some of the items in whole or in part and disapprove other of the items in whole or in part; and such items or parts of items as he approves shall be in force, and such items or parts of items as he disapproves shall be void.

SECT. 5. Except as otherwise provided in this act, the organization, powers, and duties of the executive departments of the city shall remain as constituted at the time when this section takes effect; but the mayor and city council at any time may by ordinance reorganize, consolidate, or abolish departments in whole or in part; transfer the duties, powers, and appropriations of one department to another in whole or in part; and establish new departments; and may increase, reduce, establish or abolish salaries of heads of departments, or members of boards. Nothing in this act shall authorize the abolition or the taking away of any of the powers or duties as established by law of the assessing department, building department, board of appeal, children's institutions department, election department, fire department, Franklin Foundation, hospital department, library department, overseers of the poor, schoolhouse department, school committee, or any department in charge of an official or officials appointed by the governor, nor the abolition of the health department.

SECT. 6. No contract for lighting the public streets, parks, or alleys, or for the collection, removal, or disposal of refuse, extending over a period of more than one year from the date thereof, shall be valid without the approval of the mayor and the city council after a public hearing held by the city council, of which at least seven days' notice shall have been given in the *City Record*.

SECT. 7. The city council at any time may request from the mayor specific information on any municipal matter within its jurisdiction, and may request his presence to answer written questions relating thereto at a meeting to be held not earlier than one week from the date of the receipt of said questions, in which case the mayor shall personally, or through a head of a department or a member of a board, attend such meeting and publicly answer all such questions. The person so attending shall not be obliged to answer questions relating to any other matter. The mayor at any time may attend and address the city council in person or through the head of a department, or a member of a board, upon such subject as he may desire.

SECT. 8. Neither the city council, nor any member or committee, officer, or employee thereof shall, except as otherwise provided in this act, directly or indirectly on behalf of the city or of the county of Suffolk take part in the employment of labor, the making of contracts, the purchase of materials, supplies or real estate; nor in the construc-

tion, alteration, or repair of any public works, buildings, or other property; nor in the care, custody, and management of the same; nor in the conduct of the executive or administrative business of the city or county; nor in the appointment or removal of any municipal or county employee; nor in the expenditure of public money except such as may be necessary for the contingent and incidental expenses of the city council. The provisions of this section shall not affect the powers or duties of the city council as the successor of the present board of aldermen relative to state or military aid and soldiers' relief.

It shall be unlawful for the mayor or for a member of the city council or for any officer or employee of the city or of the county of Suffolk or for a member of the finance commission directly or indirectly to make a contract with the city or with the county of Suffolk, or to receive any commission, discount, bonus, gift, contribution or reward from or any share in the profits of any person or corporation making or performing such contract, unless such mayor, member of the city council, officer, or employee or member of the finance commission immediately upon learning of the existence of such contract or that such contract is proposed, shall notify in writing the mayor, city council, and finance commission of such contract and of the nature of his interest in such contract and shall abstain from doing any official act on behalf of the city in reference thereto. In case of such interest on the part of an officer whose duty it is to make such contract on behalf of the city, the contract may be made by any other officer of the city duly authorized thereto by the mayor, or if the mayor has such interest by the city clerk: *provided, however*, that when a contractor with the city or county is a corporation or voluntary association, the ownership of less than five per cent of the stock or shares actually issued shall not be considered as being an interest in the contract within the meaning of this act, and such ownership shall not affect the validity of the contract, unless the owner of such stock or shares is also an officer or agent of the corporation or association, or solicits or takes part in the making of the contract.

A violation of any provision of this section shall render the contract in respect to which such violation occurs voidable at the option of the city or county. Any person violating the provisions of this section shall be punished by a fine of not more than one thousand dollars, or by imprisonment for not more than one year, or both. Chapter five hundred and twenty-two of the acts of the year nineteen hundred and eight is hereby repealed.

#### THE EXECUTIVE DEPARTMENT.

SECT. 9. All heads of departments and members of municipal boards, including the board of street commissioners, as their present terms of office expire (but excluding the school committee and those officials by law appointed by the governor), shall be appointed by the mayor without confirmation by the city council. They shall be recognized experts

in such work as may devolve upon the incumbents of said offices, or persons specially fitted by education, training or experience to perform the same, and (except the election commissioners, who shall remain subject to the provisions of existing laws) shall be appointed without regard to party affiliation or to residence at the time of appointment except as hereinafter provided.

SECT. 10.\* In making such appointments the mayor shall sign a certificate in the following form:

CERTIFICATE OF APPOINTMENT.

I appoint (Name of Appointee) to the position of (Name of Office) and I certify that in my opinion he is a recognized expert in the work which will devolve upon him, and that I make the appointment solely in the interest of the city. Mayor.

Or in the following form, as the case may be:

CERTIFICATE OF APPOINTMENT.

I appoint (Name of Appointee) to the position of (Name of Office) and I certify that in my opinion he is a person specially fitted by education, training, or experience to perform the duties of said office, and that I make the appointment solely in the interest of the city. Mayor.

The certificate shall be filed with the city clerk, who shall thereupon forward a certified copy to the civil service commission. The commission shall immediately make a careful inquiry into the qualifications of the nominee under such rules as they may, with the consent of the governor and council, establish, and, if they conclude that he is a competent person with the requisite qualifications, they shall file with the city clerk a certificate signed by at least a majority of the commission that they have made a careful inquiry into the qualifications of the appointee, and that in their opinion he is a recognized expert, or that he is qualified by education, training or experience for said office, as the case may be, and that they approve the appointment. Upon the filing of this certificate the appointment shall become operative, subject however to all provisions of law or ordinance in regard to acceptance of office, oath of office, and the filing of bonds. If the commission does not within thirty days after the receipt of such notice file said certificate with the city clerk the appointment shall be void.

SECT. 11. The civil service commission is authorized to incur in carrying out the foregoing provisions such reasonable expense as may be approved by the governor and council; the same to be paid by the commonwealth, which upon demand shall be reimbursed by the city of Boston.

SECT. 12. A vacancy in any office to which the provisions of section nine of this act apply, shall be filled by the mayor under the provisions

---

\* Sect. 10, amended by Chap. 550, Acts of 1912, now provides that if an appointee is accused of a crime, misdemeanor or act of dishonesty, he has a right to a hearing, where full opportunity shall be given to explain or refute the charge.

of said section and pending a permanent appointment he shall designate some other head of a department or member of a board to discharge the duties of the office temporarily.

SECT. 13. Members of boards shall be appointed for the terms established by law or by ordinance. Heads of departments shall be appointed for terms of four years beginning with the first day of May of the year in which they are appointed and shall continue thereafter to hold office during the pleasure of the mayor.

SECT. 14. The mayor may remove any head of a department or member of a board (other than the election commissioners, who shall remain subject to the provisions of existing laws) by filing a written statement with the city clerk setting forth in detail the specific reasons for such removal, a copy of which shall be delivered or mailed to the person thus removed, who may make a reply in writing, which, if he desires, may be filed with the city clerk; but such reply shall not affect the action taken unless the mayor so determines. The provisions of this section shall not apply to the school committee or to any official by law appointed by the governor.

SECT. 15. The positions of assistants and secretary authorized by section twenty of chapter four hundred and forty-nine of the acts of the year eighteen hundred and ninety-five except those in the election department are hereby abolished, and except as aforesaid the said section is hereby repealed.

The civil service laws shall not apply to the appointment of the mayor's secretaries, nor of the stenographers, clerks, telephone operators and messengers connected with his office, and the mayor may remove such appointees without a hearing and without making a statement of the cause for their removal.

SECT. 16. No official of said city, except in case of extreme emergency involving the health or safety of the people or their property, shall expend intentionally in any fiscal year any sum in excess of the appropriations duly made in accordance with law, nor involve the city in any contract for the future payment of money in excess of such appropriation, except as provided in section six of this act. Any official who shall violate the provisions of this section shall be punished by imprisonment for not more than one year, or by a fine of not more than one thousand dollars, or both.

#### THE FINANCE COMMISSION.

SECT. 17. Within sixty days after the passage of this act the governor with the advice and consent of the council shall appoint a finance commission to consist of five persons, inhabitants of and qualified voters in the city of Boston, who shall have been such for at least three years prior to the date of their appointment, one for the term of five years, one for four years, one for three years, one for two years, and one for one year, and thereafter as the terms of office expire in each year one member for a term of five years. Vacancies in the commission shall be

filled for the unexpired term by the governor with the advice and consent of the council. The members of said commission may be removed by the governor with the advice and consent of the council for such cause as he shall deem sufficient. The chairman shall be designated by the governor. His annual salary shall be five thousand dollars, which shall be paid in monthly installments by the city of Boston. The other members shall serve without pay.

SECT. 18. It shall be the duty of the finance commission from time to time to investigate any and all matters relating to appropriations, loans, expenditures, accounts, and methods of administration affecting the city of Boston or the county of Suffolk, or any department thereof, that may appear to the commission to require investigation, and to report thereon from time to time to the mayor, the city council, the governor, or the general court. The commission shall make an annual report in January of each year to the general court.

SECT. 19. Whenever any pay roll, bill, or other claim against the city is presented to the mayor, city auditor, or the city treasurer, he shall, if the same seems to him to be of doubtful validity, excessive in amount, or otherwise contrary to the city's interest, refer it to the finance commission, which shall immediately investigate the facts and report thereon; and pending said report payment shall be withheld.

SECT. 20.\* The said commission is authorized to employ such experts, counsel, and other assistants, and to incur such other expenses as it may deem necessary, and the same shall be paid by said city upon requisition by the commission, not exceeding in the aggregate in any year the sum of twenty-five thousand dollars, or such additional sums as may be appropriated for the purpose by the city council, and approved by the mayor. A sum sufficient to cover the salary of the chairman of the commission and the further sum of at least twenty-five thousand dollars to meet the expenses as aforesaid shall be appropriated each year by said city. The commission shall have the same right to incur expenses in anticipation of its appropriation as if it were a regular department of said city.

SECT. 21. For the purpose of enabling the said commission to perform the duties and carry out the objects herein contemplated, and to enable the mayor, the city council, the governor or the general court to receive the reports and findings of said commission as a basis for such laws, ordinances, or administrative orders as may be deemed meet, the commission shall have all the powers and duties enumerated in chapter five hundred and sixty-two of the acts of the year nineteen hundred and eight and therein conferred upon the commission designated in said act; but counsel for any witness at any public hearing may ask him any pertinent question and may offer pertinent evidence through other witnesses subject to cross-examination by the commission and its counsel.

---

\* Sect. 20, amended by Chap. 81, Acts of 1921, now allows for Finance Commission's annual expenses \$35,000 instead of \$25,000.

## THE CITY CLERK.

SECT. 22. The present city clerk shall hold office for the term for which he has been elected, and thereafter until his successor is chosen and qualified. In the year nineteen hundred and eleven, and every third year thereafter, a city clerk shall be elected by a majority of the members of the city council, to hold office until the first Monday in February in the third year following his election, and thereafter until his successor has been duly chosen and qualified, unless sooner removed by due process of law. The city clerk shall act as clerk of the city council established by this act.

## THE CITY AUDITOR.

SECT. 23. All accounts rendered to or kept in the departments of the city of Boston or county of Suffolk shall be subject to the inspection and revision of the city auditor, and shall be rendered and kept in such form as he shall prescribe. The auditor may require any person presenting for settlement an account or claim against the city or county to make oath before him in such form as he may prescribe as to the accuracy of such account or claim. The wilful making of a false oath shall be perjury and punishable as such. The auditor may disallow and refuse to pay, in whole or in part, any claim on the ground that it is fraudulent or unlawful and in that case he shall file a written statement of his reasons for the refusal.

SECT. 24. Whenever, in response to an advertisement by any officer or board of the city or county, a bid for a contract to do work or furnish materials is sent or delivered to said officer or board, a duplicate of the same shall be furnished by the bidder to the auditor, to be kept by him and not opened until after the original bids are opened. After the original bids are opened, the auditor shall open and examine the bids submitted to him, and shall compare the same with the original bids. In case any of the bids submitted to the auditor differ from the corresponding original bids, those submitted to the auditor shall be treated as the original bids. The contract shall not be awarded until after both sets of bids are opened.

SECT. 25. The auditor shall furnish monthly to each head of department a statement of the unexpended balance of the appropriation for that department, and he shall furnish to the mayor and city council a statement of the unexpended balances of all the departments. He shall furnish quarterly to the city council an itemized statement showing the amount of money expended by the mayor and the city council for contingent expenses.

## MISCELLANEOUS PROVISIONS.

SECT. 26.\* All loans issued by the city after the passage of this act shall be made payable in annual instalments in the manner authorized by section thirteen of chapter twenty-seven of the Revised Laws as

\* Sect. 26 amended by Chap. 437, Acts of 1910, which exempts all loans issued for rapid transit construction from the prohibition as to sinking funds.

amended by section one of chapter three hundred and forty-one of the acts of the year nineteen hundred and eight. No sinking fund shall be established for said loan. All bonds shall be offered for sale in such a manner that the effect of the premiums, if any, shall be to reduce the total amount of bonds issued. No city or county money shall be deposited in any bank or trust company of which any member of the board of sinking fund commissioners of said city is an officer, director, or agent.

SECT. 27.\* Every officer and board in charge of a department of the city of Boston or county of Suffolk shall on or before the fifth day of May in each year prepare and furnish to the city auditor a list of the officials and employees under said officer or board and paid by the city or county on the thirtieth day of April preceding. Such lists shall give the names, residence by street and ward, designation, compensation, and date of election or appointment of each of said officials and employees and the date when each first entered the employ of the city or county. It shall be the duty of the city auditor to verify said lists by the pay rolls; and when verified the said lists shall be printed by the superintendent of printing as a city document. .

SECT. 28. The jurisdiction now exercised by the board of aldermen concerning the naming of streets, the planting and removal of trees in the public ways, the issue of permits or licenses for coasting, the storage of gasoline, oil, and other inflammable substances or explosive compounds and the use of the public ways for any permanent or temporary obstruction or projection in, under, or over the same, including the location of conduits, poles, and posts for telephone, telegraph, street railway, or illuminating purposes, is hereby vested in the board of street commissioners, to be exercised by said board with the approval in writing of the mayor; and the mayor and city council shall have authority to fix by ordinance the terms by way of cash payment, rent, or otherwise, upon which permits or licenses for the storage of gasoline or oil, or other inflammable substances or explosive compounds, and the construction or use of coal holes, vaults, bay windows, and marquises, in, under, or over the public ways shall be issued.

SECT. 29. All advertising, whether required by law or not, with reference to the purchase or taking of land, contracts for work, materials, or supplies, the sale of bonds, or the sale of property for non-payment of taxes shall appear exclusively in said paper; a list of all contracts of one thousand dollars or more, as awarded, with the names of bidders, and the amount of

The proceedings of the city council and school committee together with all communications from the mayor, shall be published in the *City Record*.

Such advertisement shall state the time and place for opening the proposals in answer to said advertisement, and shall reserve the right to the officer or board to reject any or all proposals. No authority to dispense with advertising shall be given by the mayor unless the said officer or board furnishes him with a signed statement which shall be published in the *City Record* giving in detail the reasons for not inviting bids by advertisement.

SECT. 31. At the request of any department, and with the approval of the mayor the board of street commissioners, in the name of the city, may take in fee for any municipal purpose any land within the limits of the city, not already appropriated to public use. Whenever the price proposed to be paid for a lot of land for any municipal purpose is more than twenty-five per cent higher than its average assessed valuation during the previous three years, said land shall not be taken by purchase but shall be taken by right of eminent domain and paid for in the manner provided for the taking of and the payment of damages for land for highways in said city. No land shall be taken until an appropriation by loan or otherwise for the general purpose for which land is needed shall have been made by the mayor and city council by a two thirds vote of all its members; or in case of land for school purposes by the school committee and schoolhouse department in accordance with law; nor shall a price be paid in excess of the appropriation, unless a larger sum is awarded by a court of competent jurisdiction. All proceedings in the taking of land shall be under the advice of the law department, and a record thereof shall be kept by said department.

SECT. 33. The fiscal year in said city shall begin on February first and shall end on the thirty-first day of January next following; and the municipal year shall hereafter begin on the first Monday in February and shall continue until the first Monday of the February next following. One Assessor is appointed each year by the Mayor for a term of three years, from April 1, the Chairman of the Board of three members being designated by the Mayor.

The Assessors published annual tax lists from 1822 to 1866. Since 1866 the records of the department are almost entirely in manuscript. Annual reports have been made since 1890.

## ASSISTANT ASSESSORS.

[Stat. 1885, Chap. 266, § 2; Stat. 1894, Chap. 276; Stat. 1901, Chap. 400; Rev. Ord. 1898, Chap. 5, § 1; Ord. 1901, Chap. 6; C. C., Title IV., Chap. 12, § 2; Stat. 1913, Chap. 484; Spec. Stat. 1918, Chap. 93; Stat. 1920, Chap. 96; Ord. 1920, Chap. 1; Ord. 1923, Chap. 7; Ord. 1925, Chap. 3; Stat. 1925, Chap. 39.]

The Assistant Assessors are appointed from the Civil Service list by the Board of Assessors for an indeterminate period, subject to the approval of the Mayor, one for each assessment district or two when required. The redivision of the City into 22 wards (see Chap. 410, Acts of 1924) by

a special legislative commission in December, 1924, made new assessment districts necessary. By the original Act the change was not ordered to go into effect in 1925, but an amendment was made later whereby the new districts first applied to the 1925 assessments.

The 47 assessment districts, with First Assistant Assessors assigned to same for year 1927, are as follows:

DIST. 1. That part of Ward 1 (East Boston, North) extending from junction of the shore line and the division line between the property now or late of Alonzo Crosby heirs and the property now or late of Richard F. Green (said division line being the same as that established by the Ordinances of 1895) to the boundary line between Boston and Chelsea; thence by said line and the boundary lines between Boston and Revere and Boston and Winthrop to the southerly side of Winthrop bridge; thence by the latter to its junction with the shore line of the City and by said line to its junction with the line of Brooks Street extended; thence through latter and Brooks Street to the location of Boston, Revere Beach and Lynn R. R. and to Prescott St. or the line thereof extended; thence through Prescott, Princeton, Meridian, Lexington and Border Sts. to the division line between the property now or late of Alonzo Crosby heirs and the property now or late of Richard F. Green and by said line to the beginning. MICHAEL J. TOUMEY.

DIST. 2. That part of Ward 1 (East Boston, South, including the Islands) extending from junction of City shore line and the division line between the property now or late of Alonzo Crosby heirs and the property now or late of Richard F. Green (said division line being the same as that established by the Ordinances of 1895) to Border St.; thence through Border, Lexington, Meridian, Princeton and Prescott Sts. (also Prescott St. extended) to the location of Boston, Revere Beach & Lynn R. R. and through same to Brooks St. or the line thereof extended; thence through latter to the shore line and by said line to the beginning. ## FOUNTAINS BELONGING TO CITY, LOCATED ON PUBLIC GROUNDS.

Brewer Fountain, Boston Common; Copenhagen Memorial Fountain, Edward Everett Square; Johnson Memorial Fountain and Gateway, entrance to Back Bay Park, Westland Avenue; "Maid of the Mist" and three other fountains, Public Garden; one fountain each on Blackstone, Franklin, Central, Independence and Sullivan Squares, Meeting House Hill, Thomas Park, Madison Park, Union Park and Massachusetts Avenue; Lyman Fountain, Eaton Square; Taft Memorial Fountain, Chestnut Hill Park.

Since the City's park development began, in 1877, the total expenditure, to the close of 1926, for parks, parkways and playgrounds (exclusive of the annual maintenance appropriation) is \$27,126,109.79 or \$10,732,508.49 for the land and \$16,393,601.30 for construction.

The Arnold Arboretum (the "tree museum" of Harvard University), containing originally 122.6 acres, was added with other lands, in 1882, to the City's park system, under a special contract with Harvard University, and in 1895 another tract of 75 acres (Peter's Hill), also belonging to the University, was included, the name Bussey Park being added to the title. All the land in these tracts not required for driveways and walks, a quarry reservation and traffic road is used, under the trusts created by the wills of Benjamin Bussey and James Arnold, for Harvard's extensive collection of specimens of such trees and shrubs as will live in this climate. The City maintains the roads and walks, also attends to policing the grounds. The Arboretum is open to visitors daily from 7 A. M. until sunset.

The Franklin Park Zoological Garden on the northern side of the park, begun in 1911, now occupies about eighty acres. Up to December 31, 1926, the amount expended for construction, etc., was \$577,078.63. In the summer of 1912, the group of bear dens, the aquatic flying cage, etc., were finished and put on exhibition, in 1913 the bird house with other attractions, in 1914 the elephant house and in 1920 the lion house, were added. One of the latest improvements is the "Greeting" or main entrance and concourse leading from Blue Hill avenue, with massive stone gateway, ornamental fence, etc., completing the original artistic design.

The Marine Park Aquarium, costing \$144,530, was opened to the public on November 28, 1912. The entire outlay for both was appropriated from the George F. Parkman Fund income.

## GEORGE F. PARKMAN FUND.

By the will of the late George F. Parkman, various real estate properties worth between \$5,000,000 and \$6,000,000 were left to the City, the income therefrom to be expended for the maintenance and improvement of the Common and such parks as were in existence January 12, 1887, and no part of it to be used for the purchase of additional land for park purposes. The bequest was accepted by the City Council, March 9, 1909, since which

date most of the realty has been sold and the proceeds invested in bonds. On December 31, 1926, the principal of the fund in the custody of the City Treasurer, amounted to \$5,237,934.96. In the fiscal year 1926, the income from the fund was \$218,343.03.

## WATER DIVISION.

Main Office, 607 City Hall Annex.

CHRISTOPHER J. CARVEN, *Division Engineer.*

JAMES A. MCMURKY, *Engineer in Charge, Income and Meter Branch.*

GEORGE H. FINNERAN, *Superintendent, Distribution Branch.*

Under the control of the Division Engineer are the care and maintenance of all pipes and other fixtures and appliances for the purposes of the City's water supply, also the assessing of water rates and issuing of the bills therefor.

The total length of supply and distributing water main on December 31, 1926, was 924.56 miles; number of services actually in use, 91,594, were metered; number of public fire hydrants, 10,853, December 31, 1926.

The first water document published by the City of Boston appeared in 1825. In addition to the annual reports on the Cochituate supply, from 1850, and of the Mystic supply, from 1866, there are numerous special reports. By chapter 449, Acts of 1895, the Boston Water Board, the Water Income Department and the Water Registrar were abolished and the Water Department created, a single commissioner being entrusted with all the powers previously exercised by the Boston Water Board and the Boston Water Registrar.

A State commission, the Metropolitan Water Board took possession, in 1898, all of that part of the Boston water system lying westward of Chestnut Hill Reservoir, also the pumping station there, with adjacent lands. The sum paid to the City was \$12,531,000. Payments to the State by the City for its supply of water have been regularly made since 1898. Total quantity of water in the ten storage reservoirs of the Metropolitan system on January 1, 1927, 44,510,900,000 gallons, of which 68.9

per cent (30,679,200,000 gallons), was in the Wachusett Reservoir in Clinton, 32 miles west of Boston, an artificial lake 4,135 acres in surface area and added to the system in 1905. There are also twelve distribution reservoirs with capacity of 2,400,680,000 gallons, five pumping-stations being connected with these, in which stations 25,087,000,000 gallons of water were pumped during the year 1926. In the existing Metropolitan Water District are nine cities, besides Boston, and ten towns. Boston takes about 70 per cent of the entire water supply of the District.

The daily average amount of water used in Boston in 1926 was 91,275,700 gallons, or 116 gallons per capita.

#### HIGH PRESSURE FIRE SERVICE.

By the provisions of Chapter 312, Acts of 1911, the Commissioner of Public Works was authorized to install an efficient system of high pressure fire service for the business center of the City. The work completed, including the old salt-water fireboat line installed in 1898, comprises 17.8 miles of pipe with 451 hydrants. Total expenditure for installation of system to Dec. 31, 1926, was \$2,166,212.23. Two pumping stations are now in use.

## ENGINEERING DIVISION.

WILLIAM J. SULLIVAN, *Chief Engineer*.

ARTHUR N. COLMAN, *Assistant Chief Engineer*.

A member of the Board of Street Commissioners is appointed each year by the Mayor to serve for three years from the first Monday in January. The Board has power to lay out, relocate, alter or discontinue highways in the City, to order specific repairs, also, with the approval of the Mayor, the construction of sewers and to take for the City any lands, water courses and ways deemed necessary for such construction. It levies the betterment assessments on estates benefited by the construction of new sewers and new or improved highways, also awards damages for takings of land, and grants to landowners permission to open private streets. In 1895 the duties of the Board of Survey were transferred to the Street Commissioners; in 1907 they were charged with the licensing of street stands for the sale of merchandise, in 1908 with the regulation of street traffic, and in 1913 with the authority to grant or withhold permits for the erection of automobile garages. The fees for these permits are: For erecting a public garage, \$100 ; for a business garage for trucks, \$100; repair shop, isolated, \$5.00 ; unit group, \$1.00 each unit ; private garage for one or two cars, \$1.00, and if in excess of two cars, \$1.00 more for each such excess. There is no annual garage fee.

By the Amended City Charter of 1909 the jurisdiction previously exercised by the Board of Aldermen is vested in the Street Commissioners, with the written approval of the Mayor, as to the naming of streets, as to trees in the streets, as to permits or licenses for special use of same, including the construction of coal holes, vaults, bay windows and marquees, in, under, or over the streets, also for the location of conduits, poles and posts, and the storage of inflammables and explosives. They collect the original license of \$1.00 for selling and keeping gasoline. Renewals of fees collected by Fire Department.

As authorized by Chapter 680, Acts of 1913, the Street Commissioners issued on April 9, 1914, their "Rules and Regulations Relating to Projections on or over Public Highways." These rules were amended in 1915, as authorized by Chapter 176, General Acts of that year, the changes taking effect July 20. The penalty for disregard of said rules is a fine not exceeding five dollars for each day of negligence after five days' notice.

Fees for permits and each annual renewal thereof are fixed as follows:

Supreme Judicial Court.

FRANKLIN UNION, corner Appleton and Berkeley streets.

WALTER B. RUSSELL, *Director*.

The Franklin Foundation is incorporated under Chapter 569 of the Acts of 1908, a board of twelve citizens being named therein as Managers of the Franklin Fund and having the standing of a City department with the object of maintaining the Franklin Union as an independent industrial school for adults.

The Franklin Fund is the proceeds of a bequest of one thousand pounds to "the Inhabitants of the Town of Boston in Massachusetts" made by Benjamin Franklin, in a codicil to his will dated June 23, 1789. The codicil provided that the fund "if accepted by the inhabitants of the Town of Boston" be managed "under the direction of the Selectmen, united with the Minister of the oldest Episcopalian, Congregational, and Presbyterian Churches in that Town," who were to make loans on certain conditions to "young married artificers under the age of twenty-five years."

Dr. Franklin, who died April 17, 1790, calculated that, in one hundred years, the thousand pounds would grow to £131,000, "of which," he says, "I would have the managers then lay out at their discretion £100,000 in Public Works which may be judged of most general utility to the Inhabitants. The remaining £31,000, I would have continued to be let out on interest for another hundred years. At the end of this second term, if no unfortunate accident has prevented the operation, the sum will be £4,061,000, of which I leave £1,061,000 to the Town of Boston, and £3,000,000 to the disposition of the Government of the State, not presuming to carry my views farther." The Town accepted the donation at a Town Meeting held June 1, 1790.

---

\* The Managers serve without compensation.

A futile suit brought by the Franklin heirs in 1891 prevented the division of the fund at the expiration of one hundred years; but on January 17, 1894, by direction of the three ministers and the Board of Aldermen of the City, which board claimed to be the successors of the "Selectmen," \$329,300.48 ( $\frac{1}{3}\frac{2}{3}$  of the fund) was paid to the City Treasurer, for "the purchase of land and the erection thereon of the Franklin Trades School and for the equipment of the same." Owing to a series of complications the money remained in the custody of the Treasurer. Mayor Collins, in 1902, caused a petition of the City to be filed in the Supreme Court, praying for instructions as to the authority of the persons then acting as Managers of the fund. The Court rendered an opinion November 25, 1903 (184 Mass. 373, page 43), to the effect that the three ministers were Managers of the fund under Franklin's will, but that the Aldermen did not succeed the "Selectmen" as Managers and had no powers with reference to it. The Court, under its general power to care for public charitable funds, appointed, on March 16, 1904, a Board of Managers to take the place of the "Selectmen," and provided in the decree of the Court, that the Mayor of Boston should be one, *ex officio*.

On December 2, 1905, the City Treasurer received from Mr. Andrew Carnegie \$408,396.48, said sum being equal to the amount of the Franklin Fund in August, 1904, which Mr. Carnegie agreed to duplicate. Only the annual income from this fund is used.

On January 31, 1907, the amount of the "accumulated" fund available for expenditure by the Managers was \$438,741.89, and in that year the Franklin Union Building was erected at the corner of Appleton and Berkeley streets. It was opened for the use of Franklin Union in September, 1908. This is maintained partly by tuition fees, rents, etc., \$102,265 total in year 1926, including the income from the above mentioned Franklin Fund (*i. e.*, the Andrew Carnegie Donation), which fund amounted to \$460,879 on January 31, 1927. The building contains 24 classrooms, 6 draughting rooms, and 9 shops and laboratories, where 1,987 adult students received instruction at evening sessions and 49 in day courses during the year 1926. There is also a technical and scientific library, and a large hall with a seating capacity of 1,000. The building with equipment cost \$402,718. The site, containing about 16,000 square feet, was purchased in 1906 for \$100,000, a 20-year loan being issued to cover same.

The Franklin Fund will become available in 1991.

It does not include antique firearms incapable of use, nor to sales of firearms at wholesale. The fee for such license to be fixed by the board.

In 1926, Chap. 299 the board was given the right to grant entertainment licenses in places where such entertainment was carried on in conjunction with sale for cash of food or drink. Under this arrangement the School Committee is reimbursed by the State to the extent of one half the net maintenance cost of such industrial schools established in Boston thus far with the approval of the State Board of Education. By Chapter 805, Acts of 1913, Continuation Schools, for employed children between fourteen and sixteen years of age, were included under the same plan of State aid. The schools thus maintained are the Boston Trade School (for Boys), day and evening classes, Trade School for Girls, day and extension classes, Compulsory Continuation School, High School of Practical Arts, also co-operative courses in Charlestown, Dorchester, East Boston, Brighton, Hyde Park, and Jamaica Plain High, and practical arts courses in the evening elementary schools.

In 1912 the School Committee were authorized by statute to allow the use of buildings under their control by associations and individuals (other than school pupils) for social, recreative and civic purposes at times when the schools were not in session. More than 70 school buildings are also used by Non-School Center groups.

The School Committee may annually appropriate for this purpose a sum equal to four cents on each \$1,000 of the City's assessed valuation, which in 1926 will amount to \$71,237.82. In addition, the income from rents of school buildings is available. The School Committee, by a majority vote of all its members, may retire with a pension any member of the teaching or supervising staff of the public day schools who has reached the age of sixty-five years, also such other members as are incapacitated for further efficient service. If the teacher retired has been employed in the public day schools for a period of thirty years or more, ten years of which has been in Boston, the pension paid amounts to one-third of the annual salary received at time of retirement, but in no case is it less than \$312 nor more than \$600 annually. If the period of service is less than thirty years, the pension is proportionally less. The School Committee are authorized to provide for these pensions by appropriating annually an amount equal to seven cents on each \$1,000 of the City's assessed valuation. The Permanent School Pension Fund amounted to \$657,838.92 on January 1, 1926, and 309 retired teachers were receiving pensions therefrom.

The boundaries in Charlestown begin at the Malden Bridge (Ward 2), thence extend southerly through Alford st. to Sullivan sq., thence southeasterly through Bunker Hill and Medford sts. to Chelsea st. thence southerly through latter to Henley st., thence westerly through same, Harvard sq. and Harvard st. to Washington st., thence through latter and Rutherford ave. northwesterly to Sullivan sq., thence through Cambridge st. to the City line, thence along said line and the Charles river to Charlestown Bridge, thence along the harbor line and the Mystic river to the point of beginning.

In the City proper the boundaries begin at the intersection of the City line with the Charles river dam (Ward 3), thence extend along said dam and Leverett st. to Green st., thence through Green, Staniford and Cambridge sts. to Bowdoin st., thence southerly through same, Beacon, Park and Tremont sts. to Boylston st., thence through latter, Massachusetts ave. and the line of the N. Y., N. H. & H. R.R. (Providence Div.) to Tremont st. at Roxbury Crossing, thence through Columbus ave., Roxbury st., Guild row and Dudley st. to Columbia rd. (Upham's Corner), thence through same to Dorchester ave., thence southerly to Park st. (Ward 16), and through latter and Adams st. to Neponset ave., thence through said avenue to the N. Y., N. H. & H. R.R. (Milton Branch), thence along said railroad and through Granite ave. to the Neponset river, thence easterly and northerly along the shore of said river and the harbor lines of Dorchester bay and Old Harbor to the intersection of Old Colony ave. and Columbia rd., thence northerly along Old Colony ave. to E st. (South Boston), thence through latter, Broadway, Dorchester and East Second sts. to I st., thence northerly through I to East First st. and easterly through latter to Farragut rd., thence northerly through same and Farragut rd. extended across the reserved channel, thence along the harbor line of South Boston to Northern Avenue Bridge, thence westerly along said bridge to the harbor line of Boston Proper, thence northerly and westerly along said harbor line and Charles river to the point of beginning.

Wherever a boundary line of District A is described as following a certain street, the same is intended to include all property on that side of the street which lies within the described area, and also that portion of all lots on the opposite side of the street, abutting on the street, but extending to a depth of not more than 150 feet.

DISTRICT B comprises all territory in the City outside the boundaries above described. In this district buildings may in general be erected to a height of not more than 80 feet, but on streets exceeding 64 feet in width the height may be equal to one and a quarter times the width of the widest street upon which the building stands, said height to be measured from the mean grade of the curbs of all streets upon which the building is situated and not to exceed in any event 100 feet above such point of measurement. On all streets or portions of streets upon which buildings may be erected on one side only, the buildings may be erected to a height of 100 feet. No building may be erected to a height greater than 80 feet unless its width on each and every public street upon which it stands be at least one half its height. Certain special exceptions to the general regulations affecting District B have been made as follows:

No building can be erected on a parkway, boulevard or public way on which a building line has been established by the Board of Park Commissioners or by the Board of Street Commissioners acting under any general or special statute, to a greater height than that allowed by the order of said Boards.

No building upon any land, any owner of which has received and retained compensation in damages for any limitation of height, or who retains

any claim for such damages, can be erected to a height greater than that fixed by the limitation for which such damages were received or claimed.

No limitation of the height of buildings applies to churches, steeples, towers, domes, cupolas, belfries or statuary not used for purposes of habitation, nor to chimneys, gas holders, coal or grain elevators, open balustrades, skylights, ventilators, flagstaffs, railings, weather vanes, soil pipes, steam exhausts, signs, roof-houses, nor to sugar refineries in District A.

By Chap. 156, Special Acts of 1919, section four of Chap. 383, Acts of 1905, was amended so as to allow roof-houses, skylights, etc., above the roof line, used to enclose elevator shafts, an additional space of four feet on all sides (or 16 feet square in all), but not to exceed 12 feet in height. All such roof structures of first-class buildings may be constructed of angle iron and four-inch blocks, plastered inside and outside, or covered on both sides with metal or angle iron, and two-inch solid metal lath and plaster walls may be used, the door to be of metal frame and covered with metal.

The limitation as to size of roof-houses was revoked by Chap. 174, Acts of 1922, and the requirements concerning such were left to the discretion of the Building Commissioner.

In 1923, by Chap. 462, sec. 11, a maximum building height of 155 feet (instead of 125 feet as before) was permitted for buildings in District A.

Throughout the following descriptions the term "intersection" of streets, railroad locations, bridges, or the like, shall mean the intersection of middle lines unless otherwise clearly appearing; the phrase "through" or "to" a street, bridge, railroad location, or the like, shall mean through or to middle lines unless otherwise clearly appearing; and where (if at all) lines are mentioned as meeting or intersecting which do not technically meet or intersect, it shall be intended that such lines shall be extended for the purposes of these descriptions until they do so meet or intersect.

Where the phrase "side" or "side-line" is used with reference to a bridge, street, railroad location or the like, it shall be intended to include any adjacent piers, stages or other auxiliary structures, yards, or the like, causing jogs or irregularities in such lines.

The words "shore line" or "shore line of Boston," or the like, shall, unless otherwise clearly appearing, mean the line beyond which building or wharfing-out may for the time being be legally forbidden when such line has been or shall hereafter be established, and otherwise extreme low water mark; or if on a stream from which the sea does not ebb then the thread of the stream or any boundary line in such stream between Boston and other municipality.

All portions of the City of Boston lying outside the shore line as hereinabove defined, and including all the islands in Boston Harbor within the limits of the City of Boston, are included in Ward One unless expressly included in the description of some other ward.

## BUDGET CONTROL.

---

### REPORT OF SPECIAL COMMITTEE OF THE CITY COUNCIL APPOINTED TO CONFER AND REPORT ON THE SUBJECT OF BUDGET CONTROL.

---

IN CITY COUNCIL, January 17, 1927.

In accordance with the following order of the City Council, dated November 15, 1926, the undersigned committee submits this report.

*“Ordered,* That the Chair appoint two members of the Council as a committee to confer with his Honor the Mayor, the City Auditor, the Budget Commissioner and the Superintendent of Supplies with a view to providing by ordinance or otherwise for an effective control of expenditures in all city and county departments, in accordance with the intent and terms of the annual budget and appropriation bill; and

*“That* the said committee report the result of such conference, together with its findings and recommendations, not later than the first meeting of the Council in the year 1927.”

Your committee has conferred with the City Auditor, the Budget Commissioner and the Superintendent of Supplies at various times, has exchanged correspondence with the Committee on Municipal and Metropolitan Affairs of the Boston Chamber of Commerce, the Municipal Administration Service of the National

Municipal League, and with other individuals of experience who are interested in the finances of the City of Boston. In addition the Bureau of Administration and Finance of the Commonwealth of Massachusetts has been consulted in regard to the operation of the state's budget system, and such investigation has been made as time and circumstances have permitted of the operation of the city's budget system. It has also, as the Council's order directed, conferred with his Honor the Mayor.

The present budget system was instituted in 1917 in charge of a budget commissioner, and since that time no change has been made in the method of its operation. The findings which the committee makes hereunder have reference simply and solely to certain defects of system which the committee believes to exist and not in any degree to its method of operation under any particular administration. It makes the following specific findings:

#### FINDINGS.

(1) Under the present system there is no method for controlling expenditures to the specific physical items for which the city's money is originally requested in forming the budget, and appropriated in the annual appropriation bill.

(2) Under the existing system there is no method for limiting in advance the expenditure of money within any item to the amount limited by the budget and appropriation bill to that particular item.

1. Taking it for granted that the wisdom of the budget principle has been established by the test of time, not only in city finances but in those of the state and nation, your committee believes that it logically follows that the operation of the budget should not stop at the threshold with its framing by the Budget Commissioner and its acceptance in the Appropriation Bill by the City Council, but should continue throughout the year in an adequate control of expenditures to the purposes and the specific physical items for which the money was appropriated. Under existing conditions the Budget Commissioner's duties and his authority cease with the compilation of the budget upon the requests of the various department heads. In order that any item may appear in the Appropriation Bill in the first instance, the department head must satisfy the

Budget Commissioner of the necessity of the particular physical thing which lies behind the mere figure in dollars and cents. And yet, though his authority must be obtained in the first place for the insertion of any item, and though he is the official responsible for the budget and most familiar with its details, he is without power to see that it is carried out. Purchases are made by requisition upon the Superintendent of Supplies who can and does honor them without reference to the Budget Commissioner, subject only to the Auditor's approval, who is not concerned with the control of expenditures to the purposes contemplated in the budget but solely with the auditing problem of whether or not there are sufficient funds remaining in that particular item to cover the purchase contemplated. Your committee is not prepared to state to what degree the budget principle has been, or is being violated on this branch of the inquiry, but it does find that this loophole exists, and that it opens the way to avoid the effective operation of the budget. It believes that, even allowing for unforeseeable expenditures, and necessary elasticity, the budget as presenting a picture of materials to be bought, repairs to be made, and services to be rendered, may become under the existing scheme so distorted and altered by the end of the year as not to be recognizable. Items may be requested and obtained year after year under cover of a showing of necessity and yet never acquired; while other items for which no necessity exists or has been demonstrated may be purchased in their place.

2. The other loophole which the committee finds to exist in the present operation of the budget is in the lack of any effective pre-control of expenditures for any particular item to the amounts limited in the budget. Your committee intends to distinguish this finding from its first finding as being rather an auditary problem in the administration of the budget than one pertaining to the operation of the budget as applied to the physical things or services lying behind the figures themselves. To some extent one involves the other or rather may be the cause of the other, as the lack of control of expenditures for the purposes contemplated may give rise to expenditure in excess of the amount allowed. They differ perhaps more in the appropriate method of remedy than in their inherent nature. Theoretically if it were possible to estimate exactly in advance all the

thousands of material, repairs, services, etc., which the city would require in the course of the year and their exact cost, then a control of expenditures to those physical items would solve all problems. Actually, of course, that can never be the case. The value and market price of commodities are continually fluctuating. There may still exist the power to exceed an appropriation though purchases are restricted to the items for which the money was appropriated, and there is no authority in the financial or other officials of the city to control in any degree the exercise of this power. Furthermore, there are, of course, many ways in which the city may be involved in expense besides the purchase of equipment and supplies made through the Superintendent of Supplies.

The City Auditor and the Budget Commissioner have admitted that there is no "pre-control," but that "post-control" exists in the sense that the books in the Auditor's office reflect expenditures which have actually been made but do not reflect contracts or requisitions which may be outstanding. Your committee has considered section 16 of the City Charter of 1909 (Acts 1909, chapter 486) and recognizes the restriction imposed upon city officials thereunder not to expend in excess of appropriations "except in cases of extreme emergency involving the health or safety of the people or their property." This provision may, however, refer only to a total departmental appropriation and not to the exceeding of the appropriation for any particular item, though the appropriation order annually provides that the appropriation for any particular item shall not be exceeded by any head of department. Under the law, therefore, even under its strongest interpretation, the responsibility rests entirely with the department head to watch his balances for all the items in the appropriation for his department and to take care that he makes no contracts or requisitions the payment for which will involve exceeding the appropriation for any budget item. However, in spite of the prohibition, the end of the year, which sees a general cleaning up of all outstanding contracts and requisitions for the year, finds numerous items for which expenditure exceeds the appropriation. It has been stated to the committee that while this power to incur expense or commit the city to expense in excess of the appropria-

tion for any particular budget item exists, it has not been exercised to a serious degree. However, it does exist and to some extent at least is a source of danger to the proper and effective operation of the budget. "Post-control" is not a preventive nor even a cure. It merely results in regularizing after the event an expenditure of money not originally contemplated. Your committee believes it to be desirable that the power to check the exceeding of appropriations rest with the financial officers of the city.

Your committee is convinced that the foregoing defects explain largely the excessive number of transfers every year which it feels to be an evil, and to indicate in some degree the failure of the budget in operation. It is pertinent to recall a paragraph from the report of the Budget Commission in 1915 (City Document 92, 1915, at page 13):

"Attention has been directed to the fact that the city auditor and the mayor can, by exercising their charter power of transfer, defeat the proposed or any form of segregated budget. This is theoretically true but the commission assumes that the power to transfer appropriations . . . will not be used for any such purpose . . ." and then the report of the Boston Finance Commission for 1922 (Mass. P. D. 88, page 25):

"The experience of the past five years has shown that a segregated budget may be made an aid to extravagance rather than a check upon it, because of the ease with which department heads can obtain transfers from one item to another, and even from one department to another. . . . In some departments it has become the practice at the end of the year to gather all unexpended items in the budget into one fund,—so easy is it to obtain transfers,—and to expend this sum for a purpose not mentioned in the segregated budget. . . .

"Unless transfers are scrutinized carefully, and department heads are required to show a necessary, urgent and unforeseen reason for each transfer, the segregated budget system as an aid to economy and efficiency not only fails, but becomes an inducement to extravagance. . . ."

The City Auditor and the Mayor continually strive to effect an adequate supervision and control by the department heads, but unless some adequate control is lodged in the Auditor's hands, he has not the power

under present conditions to avoid the necessity for a large number of transfers which must be allowed and which might otherwise be unnecessary.

The City Council is familiar with the number of transfers which come before it beginning fairly early in the year and increasing in volume until November 15th. Towards the latter part of this time they attain such numbers and involve such detail as to make the approval of the Council largely perfunctory, however earnest its intentions and sincere its desire for careful investigation. It seems to your committee that the time to apply the remedy is before the necessity for the transfer arises, and that if a remedy can be found for the two defects considered above the need for many transfers will be found to disappear and the budget system be, by so much, more effective in operation. Your committee finds therefore that it is desirable in the interests of economy and efficiency that means be devised to control expenditures to the specific physical items for which appropriation was made, and to limit expenditure for any item to the amount allowed for such item in advance of the expenditure being incurred.

#### RECOMMENDATIONS.

In considering what recommendation this committee should make to the Council it gave initial attention to the order which directed it to confer "with a view to providing by ordinance," for the desired control. It appears there may be certain difficulties in so doing under existing law and your committee is not prepared to recommend an ordinance on the subject. That being so, the jurisdiction of the City Council, in view of the prohibition imposed upon it under section 8 of the City Charter, would not extend to any action involving a taking part in the conduct of the executive or administrative business of the city. However, your committee is glad to report that it has received the utmost cooperation from the executive officers of the city who have admitted the existence of the problem and indicated their willingness to solve it.

As to (1) the Auditor and the Budget Commissioner state as follows:

"Under our present budget system the specific physical units which make up or lie behind the appro-

priation under any one item are lost sight of immediately upon the passage of the budget by the City Council. . . .

It would appear feasible for the Budget Department to co-operate with the Supply Department in regard to the purchases which the latter department makes after receiving requisitions from department heads. At the present time, these requisitions constitute the sole authority for the conduct of the purchasing activities of the Supply Department. This latter department has very little interest in the appropriation side of the picture, since naturally, the department assumes that no requisition would be made unless an appropriation was available. It would seem desirable in the interests of efficiency that the Supply Department should consider the appropriation side of the picture, and this consideration could be very easily effected by the Supply Department referring all departmental requisitions to the Budget Department for approval before starting in any way the machinery of purchase. . . .”

As to (2) they say:

“At the present time, the books in the Auditor’s office reflect the expenditures which have actually been made by the different departments and which have been allowed by the Auditor’s force as being within the original amounts appropriated. In other words, the control which is now exercised may be termed as post-control. To exercise pre-control, as is contemplated, it would be necessary to establish a system providing for the encumbering of appropriations as requisition orders are issued. Under such a system, before any requisition could be honored, it would be necessary to check the estimated purchase cost against the unencumbered balance. Approval of the requisition and subsequent purchase of the material requested would only follow provided the unencumbered balance was sufficient to cover the estimated purchase cost.

The main criticism against this proposal is that the installation of such a system would double the accounting records of the city, since it would be practically necessary to duplicate the records now kept in the Auditor’s office. . . .”

His Honor the Mayor has stated to the committee that he would put the first recommendation in effect at once by means of instructions to the Budget Commis-

sioner and the Superintendent of Supplies and as to the second stated that he would take the matter up further with the City Auditor and consider the feasibility of the proposal.

Your committee recommends therefore that the Council take no action at this time, but that it continue to observe the operation of the budget in order to see whether or not effective control can be obtained by executive order, or whether it is advisable to consider further whether legislation or ordinance may be necessary.

COMMUNICATIONS RELATIVE TO THE TRANSFER BY THE LIBRARY TRUSTEES OF CERTAIN BOOKS TO HARVARD COLLEGE.

---

IN CITY COUNCIL, February 7, 1927.

The following was received:

CITY OF BOSTON,  
OFFICE OF THE MAYOR, February 7, 1927.

*To the City Council:*

GENTLEMEN,— I transmit herewith communications from both the Law Department and the Library Department in reply to your orders of January 24, 1927, relative to agreement of Trustees of the Public Library in transferring property of the City of Boston to Harvard College.

Yours respectfully,  
MALCOLM E. NICHOLS, *Mayor*.

---

CITY OF BOSTON,  
LIBRARY DEPARTMENT, February 4, 1927.

HON. MALCOLM E. NICHOLS,  
*Mayor of Boston.*

SIR,— Referring to the order of the City Council of January 24, 1927, forwarded to us by your Honor, we herewith inclose a copy of the agreement between the trustees and Harvard University.

Replying to the request that the trustees report their reasons for the same — the books and other material which it is proposed to deposit in the library building of the Graduate School of Business Administration in Brighton consist largely of public documents,

reports of railroad, public service and other corporations, and similar statistical material which is not in current use, and is of no value except to the research worker in this field. The material is incomplete in many respects and relates mainly to a period prior to 1902, at which time the active collection of such material by the public library ceased. It is not proposed to transfer books which are in current use or which are called for with any frequency for reference. The agreement provides that title to the transferred material remains in the public library.

The similar material in the Harvard business school library commences in the main at about the period where ours leaves off and is in constant process of active collection under expert advice. It will in ordinary course be kept up to date as a great business library. The public library could not keep current the collection of such material on a large scale without a much greater expenditure than has been made for the purpose in the past.

As the books and pamphlets to be transferred are not used or useful except for the purposes of investigation in this field, and as this work is usually a matter of hours or days, the few minutes longer which it may take to reach the library at Brighton is of minor consequence compared to the right of access (which without this agreement could not be had) to a collection there which not only covers a longer period, but is also superior in every respect to the collection now in the Central Library building. Any book or class of books transferred may be recalled permanently to our shelves, or may be recalled temporarily to the Central Library on notice that they are wanted for examination there.

The Graduate School of Business Administration has been willing to constitute its library building with all its contents, free of any charge, a branch of the Boston Public Library subject to certain conditions which are no restraint as a practical matter against the freedom of its use by every citizen. While reference is made to this arrangement as an "agreement," the fact is that its clauses merely safeguard each party against unforeseen conditions. It is actually no more than a deposit of books, to which we retain title, and although on a larger scale, it is in principle similar to arrangements which we have in effect in other instances.

Another advantage to the public library, although not the controlling one, is that we remove from our shelves in the central building some twenty-five thousand items which are very rarely used, and make room which is greatly needed for other purposes. The number of volumes in the central building has nearly doubled since it was built, and now stands at a million volumes notwithstanding the fact that out of a total direct home circulation for the whole library system of 3,500,000 volumes last year only 340,000 of this or less than 10 per cent was from the central building.

Although the central building is and will be used largely for reference works and special collections, the normal growth of these will soon require an addition to the building, with a corresponding increase in operating expense, unless the trustees sooner or later store infrequently used material elsewhere subject to withdrawal as required, or place some of it in appropriate depositories as occasion may arise, where it will be cared for and open to public use. The later course seems preferable. There may be other opportunities to establish branches in special lines, such as this agreement contemplates, without cost to the library, and if other institutions are as generous as Harvard has been in this case we shall be glad to consider them seriously.

Having thus stated our reasons, we may have answered the question as to our legal authority. If the matters we have discussed pertain to library management, they were in 1878 placed in charge of the Trustees of the Public Library of the City of Boston, a corporation organized under a special act of the General Court, and there they apparently still remain. The city charter, which in 1909 enlarged the powers of the Mayor, contain a provision that nothing in the charter shall authorize the taking away of any of the powers or duties of the Library Department as established by law. The City Council by the act incorporating the trustees was authorized to pass ordinances not inconsistent with the act. The only ordinance in point (1914) reads:

“The library department shall be in charge of a board of five trustees who shall adopt such measures as shall extend the benefits of the institution as widely as possible, and may from time to time establish branch libraries and delivery stations in different sections of the city.”

This the trustees have done from time to time by locating thirty-one branches and more than 300 deposits.

The authority of the trustees in library management has never been questioned except in the matter of salaries paid to employees. This subject has come up at times, and as our files contain the opinion of eminent lawyers bearing on the duties of the trustees and the present status of the act incorporating the trustees in 1878, we are referring them to the Corporation Counsel for his consideration. As he has also been asked by the Council for his opinion as to the validity of this arrangement with Harvard University under the so-called anti-aid amendment to the constitution, we beg leave to call to his attention that this amendment prohibits the appropriation of public money or the use of public property for the purpose of founding, maintaining or aiding certain institutions (including colleges) not under public control. We suppose the purpose to be examined is that of the trustees. We did not make this arrangement for the purpose of aiding Harvard University, or its Graduate School of Business Administration. We made it for the purpose of aiding the public library and the citizens of Boston, and any benefit which the college receives is small compared to the consideration which it gives.

We now have more than three hundred depositories of books including schools, engine houses, hospitals and many institutions. On this list are 212 schools, of which 17 are parochial schools. There are hospitals, Jewish welfare centers, and many other institutions not under public control. Some of them are apparently within the prohibition of the amendment if the deposit of books is to be considered an aid to such institutions. The trustees do not so regard it. On the contrary, it seems to the trustees that such intelligent help as any responsible institution will give in the circulation and use of our books, and in the encouragement of better reading, constitutes a service on the part of such institution rather than an aid to it. We do not concern ourselves with the other functions of any institution willing to take proper care of our books, and place them in the hands of the public. While these deposits are not large in volume, the question raised by the City Council — unless the trustees have construed the amendment correctly — not only affects such deposits but other plans which the trustees

have in mind. The use of the library and its branches in connection with adult education is perhaps the most promising field for extending the value of the library without much expenditure of public money. It would be impractical to enter on this without the co-operation and assistance of institutions not under public control which are engaged now in this work, and of others willing to share in it.

We call these considerations, through your Honor, to the attention of the members of the City Council in the hope that they will approve the general policy of the trustees — which is “to extend the benefits of the institution as widely as possible” rather than to regard the library merely as a place in which books are kept until called for, or kept whether called for or not.

Very respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY  
OF THE CITY OF BOSTON,  
by GUY W. CURRIER, *President*.

AGREEMENT BY AND BETWEEN THE TRUSTEES OF THE  
BOSTON PUBLIC LIBRARY AND THE PRESIDENT AND  
FELLOWS OF HARVARD COLLEGE.

*Whereas*, in order that the material of the Boston Public Library relating to business and business education and business administration and the material of the Harvard Business Library may be made available in such a way as to render the greatest practicable service to the community and to the cause of business education and research at a minimum cost, it is hereby agreed as follows:

1. The Trustees of the Boston Public Library shall constitute the Harvard Business Library, located in that part of Boston known as Brighton, a depository for books and other material as hereinafter provided, the Harvard Business Library becoming to this extent a branch of the Boston Public Library. The books and other materials so deposited shall be combined with similar material of the Harvard Business Library and the two catalogued jointly.

2. The Harvard Business Library shall furnish the physical facilities and equipment as rapidly as possible to take over such books and material as shall be agreed upon, thus relieving the Boston Public Library of considerable expense for operation and releasing space in the Boston Public Library for other uses.

3. The Harvard Business Library will, as rapidly as its resources permit, prosecute the work of introducing the books and material into its shelves and cataloguing them. Such sum or sums as the Trustees of the Boston Public Library may at any time, and from time to time before completion of this work, contribute to its prosecution, the Harvard Business School will devote to the purpose, and by so much will the work be expedited and the full use of the collection become available earlier.

4. The Boston Public Library will furnish the Harvard Business Library with a copy of the essential information in its existing catalogue relating to the transferred material.

5. The books and other material transferred to the library of the Harvard School of Business Administration by the Boston Public Library, with the other material belonging to the Business Library and any additions however made, shall be available for use by such persons as would be entitled to use the same if contained in the Central Building of the Boston Public Library, subject to any restrictions made in an instrument of gift of any such books or material and to reasonable restrictions to the use of particular items of books or material which may be made by the authorities of the Harvard Business School Library. It is understood that the library of the Harvard School of Business Administration will afford reasonable opportunity for such use in its library building, so far as such use is consistent with the ordinary and usual service for which the facilities of the library are adapted. In the discretion of its authorities, however, the library of the Harvard School of Business Administration may restrict such use of its library building to the extent of its facilities for service; in case of such restriction the Boston Public Library may provide for such use in its Central Building, and may call for such books and material as are required from time to time by its card-

holders for such use, in accordance with and subject to such reasonable regulations as may be from time to time agreed upon between the authorities of the two libraries.

6. Both libraries are to co-operate to as full an extent as is practicable in the inter-loan of books, to the end that the material of each shall be so used as to be of maximum benefit to the community.

7. The books and material intended to be covered by this agreement are those pertinent to the work of the Harvard Business Library which are not, in the opinion of the librarian of the Boston Public Library, needed for current use of the Boston Public Library. The librarian of the Boston Public Library may at any time recall from deposit specific material for which need has arisen.

8. All details as to the transferring of the books and material to the Harvard Business Library under this agreement shall be under the direction of the librarians of the two libraries. Books and material so transferred shall remain the property of the Boston Public Library. Lists of books and materials actually delivered shall be signed by the two librarians or someone authorized to sign on their behalf.

9. It is expected that the arrangement for which provision is made in this agreement will be permanent. It is, however, understood that if it appears to either party to be undesirable it may be terminated upon conditions to be subject of consideration at the time, but which, so far as possible, will work a minimum of damage to either party and which will leave both with as complete collections of books and material as is possible under the circumstances.

10. Each party shall bear the risk of loss by fire or other hazard or by theft; it being understood that the Harvard Business Library will give the same degree of care to the books and material of both parties.

11. The two institutions, that is to say, the Trustees of the Boston Public Library and the President and Fellows of Harvard College, stand ready to co-operate in the establishment, as a branch of the Boston Public Library, of a business reference library in the downtown section of Boston, to be established, operated and maintained by and in connection with the two libraries.

The expense of such a reference library would have to be borne presumably by the business community, or at any rate by some person or persons other than the two libraries.

In witness whereof, the parties hereto have caused their official seals and signatures to be affixed by their duly authorized officers this fifteenth day of January, 1927.

THE PRESIDENT AND FELLOWS OF HARVARD  
COLLEGE,

by A. LAWRENCE LOWELL, *President*.

CITY OF BOSTON,  
LAW DEPARTMENT, February 4, 1927.

HON. MALCOLM E. NICHOLS,  
*Mayor of Boston:*

DEAR SIR,— The City Council has requested through your Honor my opinion concerning the legality and constitutionality of the contract made recently between the Trustees of the Boston Public Library, hereinafter called the Trustees, and the President and Fellows of Harvard College, hereinafter called the Harvard authorities, for the use of certain books pertaining to business education administration. The Council seeks to be advised whether the contract is, first, a legal one, and secondly, whether it is in violation of the so-called anti-aid or sectarian amendment of the Constitution of Massachusetts, section 2 of Article XLVI of the Amendments, which in substance prohibits the use or grant of public property or money for the benefit of any private institution.

I have made a very careful study of the agreement in question in order that I may properly answer the question submitted. In addition I have sought to learn the intention of the parties when the instrument was executed.

From an examination of the agreement it is clear to me that it was intended by the trustees of the library to establish a branch library, many of which are now in existence throughout the city. This conclusion the trustees of the library confirm.

The trustees have attempted from time to time to cater to the needs of the various sections of the city by the establishment of branch libraries. In the South End of the city branches have been established with books that appeal to the residents of this district. In the North End of the city a branch caters to a still different type of citizenry. Branches have been established in schools catering to the type of pupils who attend these schools. Recently the suggestion was entertained of instituting the cart library, by which library books may be brought to the neighborhood in carts. There has been a continuous agitation for a business men's branch library, that is a place where the business man may conveniently find those books that are of interest to him and which may help to administer and conduct his business more efficiently. All these matters are for the determination of the trustees, who by law are the authorities entrusted with the conduct and management of the Library Department of the city. See section 5 of chapter 114 of the Acts of 1878, as amended by section 1 of chapter 222 of the Acts of 1880, and by sections 1 and 2 of chapter 60 of the Acts of 1887, wherein the trustees are given general care and control of the Central Public Library and of all branches which have been and which may thereafter be established and are given full control of the expenditures of money appropriated therefor. See, also, section 5 of chapter 486 of the Acts of 1909 (Amended City Charter) preventing the city government from taking away any of the powers or duties of the Library Department as prescribed by law.

Under these provisions of law the trustees have complete discretion as to the management of the Library Department and full authority of the question of branch libraries, their power being subject only to the provisions of law requiring the trustees to submit a budget of their needs and estimates of expenditures for the fiscal year (section 3 of chapter 486 of the acts of 1909); subject also to the Mayor's approval of contracts involving the expenditure of money, and to such other provisions of law contained in the various charter provisions applicable to the administration and conduct of the various municipal departments.

By the agreement in question the trustees desired to establish a branch library where there might be centered the books of the city pertaining to business administra-

tion and education, and whereby the greatest possible use might be made of them to the end that the greatest good might be rendered that portion of the public interested in them. They were able to secure the co-operation of the Harvard authorities in establishing this type of branch library. The agreement entered into, from its contents, which I will analyze hereinafter, is nothing more than a memorandum of the understanding and intentions of the trustees and the Harvard authorities to avoid future misunderstanding and dispute.

Section 1 of the agreement states that the Harvard business library shall constitute a "depository for books and other material as hereinafter provided, the Harvard business library becoming to this extent a *branch of the Boston Public Library*." Here is the intention of the parties stated with clarity and in unequivocal language. It is contained in the very outset of the agreement or memorandum. Everything that follows must be interpreted in the light of this declaration between the parties. There does not seem to be any ambiguity in section 1 as to just what the parties contemplated or desired.

Section 2 indicates a desire on the part of the trustees to avoid and not incur expense and to release space in the Central Library, and to this end the Harvard authorities in their desire to co-operate in this endeavor state that they will speedily furnish the equipment and facilities to help establish the branch.

By section 3 the trustees state that in the near future, if they so decide, they may make an appropriation to relieve the Harvard authorities of the entire onus of establishing the books in the branch and of cataloguing the same. The trustees state that they are willing that this work should be done in their behalf by the Harvard Library and further agree that the trustees will be encouraged to make a contribution towards the expense of the establishment of this branch library if, by so doing, the branch may be opened sooner.

Sections 4 to 10, inclusive, contain the understanding of the parties as to the method of conducting the branch. These sections state to what extent the Harvard authorities will co-operate and what it expects and requires from the trustees in return for the co-operation and assistance it intends to provide. For instance, in section 5 the trustees state, in substance, that although the branch is to be in the Harvard School of Administration Building, that all the books of the

Boston Public Library, as well as those of the Harvard Library should be available to all such persons who, if they so desired, would be entitled to use the books of the Central Library. This same rule is applicable to all the branch libraries in this city. It is further made clear that the Harvard authorities may establish reasonable rules and regulations pertaining to the use of its building and its books. This provision is the same that pertains to all branch libraries of the city located in other public or private institutions. If a branch is contained in a public school, the School Committee is permitted to make reasonable rules and regulations pertaining to the use of the school buildings. If the branch is in a municipal building the Superintendent of Public Buildings may make reasonable rules and regulations as to the use of the municipal building. It is to be assumed that reference is made to the right to prevent tramps and loafers from using the library as a rendezvous; to prevent congestion; and generally to make the library most serviceable. So, too, may the length of time which particular books may be used be regulated by the Harvard Library authorities who are to manage and conduct the branch for the city. It is to be noted, however, that under no circumstances does the city relinquish title to the books and other material deposited in this branch. This is the same rule applicable to all branch libraries. The public are authorized and permitted to use this branch library just as they do other branches of the Central Library.

By section 7 the librarian of the Boston Library may recall any book or books he may need or desire.

By section 8 the trustees make it very clear that they may abandon this branch and end the arrangement at any time they so desire.

Everything in this so-called agreement indicates the intention of the trustees to establish a branch library for such persons interested in business books at a place where through the kindly offices of the Harvard authorities there may be collected under one roof the greatest collection of business books possible, and whereby they may be made available to the public of Boston interested in them.

The parties in section 13 also state that they believe another branch of similar nature ought to be established in the downtown section of Boston, with the trustees and the Harvard authorities again co-operat-

ing. The present relationship, as evidenced by this so-called agreement, provides for no immediate expenditure of money by the library trustees.

I must, therefore, advise you that I can find no legal objection to this agreement or memorandum. The entire arrangement need not have been put in writing at all. It could have been executed by the parties without any written agreement whatsoever. The library trustees, under their discretionary authority to conduct the Central Library and such branches as it may create, have full authority to establish this branch at Brighton and to accept the kind offer of co-operation by the Harvard authorities. It is a part of the management of the Library Department of the City of Boston. See chapter 20 of the Revised Ordinances of 1925 for a declaration of this statutory authority in the library trustees and the requirement by the city government that the benefits of the library institution shall be extended as widely as possible.

Of course, if the library trustees found it necessary to expend a sum of money amounting to \$1,000 or more, then the Mayor's approval is necessary to such contract and the charter provisions must be complied with and the contract entered into not by the trustees but by the City of Boston, acting by and through the trustees of the library, exactly as would be necessary in the case of any other city department. If, however, the expenditures were to be paid out of the various private funds which the trustees hold by virtue of bequests and devises made to them as incorporated trustees, then the Mayor's approval is not necessary nor need such a contract be made as meets the requirements of the various charter provisions. See chapter 114 of the Acts of 1878, creating the library trustees a corporation for the purpose of receiving and holding real and personal estate in trust for the benefit of the library, as provided in the various bequests and devises made to them as incorporated trustees.

I must advise you also that in my opinion the so-called memorandum is not in violation of the anti-aid amendment. This amendment (Article XLVI, section 2) in substance prohibits the grant of public funds and the use of public property for the benefit of private institutions. It was created to prevent the appropriation of public money by the Commonwealth, its cities and towns, for the especial benefit of aiding and assisting religious and educational in-

stitutions, most of which were sectarian and denominational. I cannot see how the arrangement discussed hereinbefore between the library trustees and the Harvard authorities can be said to violate this amendment. The city, through its trustees, is not making a grant of money to the Harvard Library for its use, nor is it permitting the use of its property for the especial benefit of the Harvard Library. The city is establishing a branch library for the benefit of the people of Boston. It is a particular type of branch library. By its co-operation the Harvard Library makes the city's branch a bigger and better institution. The city and its citizens are the gainers by the arrangement whereby the Harvard Library permits the use of its facilities and equipment by the people of Boston. If this amendment is to be construed as prohibiting such co-operation, then the library trustees must abandon all its branch libraries in neighborhood houses, settlement houses, various club houses, in community centers, and in the various other private institutions and organizations whereby their co-operative efforts and the use of their buildings and facilities may help the library to come closer to the people and afford a greater opportunity for the education of the masses. The incidental advantage and service, if any, which the branch library affords to the settlement house, the community center, the local charitable organization, the local religious society and many other organizations can hardly require the construction that it is proposed shall be made of the amendment so as to prohibit their co-operation with the Library Department of the city. That the amendment should not be so construed may be readily ascertained by an examination of the record, journals and debates of the Constitutional Convention, which framed the amendment for submission to the people. See Volume I, Debates of the Constitutional Convention, 1917-1918.

I, therefore, advise the Honorable Council that the so-called agreement between the library trustees and the Harvard authorities in my opinion is not illegal nor can it be said to be in violation of the provisions of the anti-aid amendment to the Constitution of Massachusetts.

Very truly yours,

FRANK S. DELAND,  
*Corporation Counsel.*

MESSAGE OF THE MAYOR

RECOMMENDING

COUNTY OF SUFFOLK APPROPRIATIONS AND  
TAX ORDERS FOR THE FINANCIAL  
YEAR 1927.

---

OFFICE OF THE MAYOR,  
BOSTON, February 14, 1927.

*To the City Council:*

GENTLEMEN,— I submit herewith the budget for the County of Suffolk for the fiscal year 1927. In past years it has been customary to defer the submission of this document until such time as the city budget was ready. I am departing from this policy this year in order that your honorable body may have ample time to study the estimates and allowances as herewith submitted.

The allowances as recommended total \$3,492,759.31. This total represents a reduction of \$169,581.51 in the estimates as originally submitted, and is \$78,674.28 less than the total county requirements for 1926. I respectfully recommend the adoption of this budget by your honorable body.

Respectfully,

MALCOLM E. NICHOLS,  
*Mayor.*

## REPORT OF COMMITTEE ON UNEMPLOYMENT RELATIVE TO LISTENING IN ON TELEPHONES.

---

IN CITY COUNCIL, March 28, 1927.

The Special Committee of the City Council on Unemployment submits the following partial report of the committee relative to that phase of the investigation that covered eavesdropping and listening in by the New England Telephone and Telegraph Company.

On February 14, 1927, the following order was adopted at the City Council meeting:

*“Ordered, That his Honor the Mayor be authorized, in the name and on behalf of the City of Boston, to petition the Massachusetts Legislature during its present term for legislation to repeal section 102 of chapter 272 of the General Laws of 1921 . . . .”*

In order that the entire matter may be explained properly, we quote the following four sections of the chapter.

### CHAPTER 272.—CRIMES AGAINST CHASTITY, MORALITY, DECENCY AND GOOD ORDER.

SECTION 99. Whoever, except when authorized by written permission of the attorney general of the Commonwealth, or of the district attorney for the district, secretly overhears, or attempts to overhear, or to have any other person secretly overhear, any spoken words in any building by using a device commonly known as a dictagraph or dictaphone, or however otherwise described, or any similar device or arrangement, or by tapping any wire, with intent to procure information

concerning any official matter or to injure another, shall be guilty of the crime of eavesdropping and shall be punished by imprisonment for not more than two years or by a fine of not more than one thousand dollars, or both.

SECTION 100. Whoever, except when authorized under the preceding section, either on his own account or as the servant or agent of another, permits or acquiesces in the installing of a device commonly known as a dictagraph or dictaphone or any similar device or arrangement, or the tapping of any wire, with intent to procure or knowing or intending that it will be used to procure information concerning any official matter or to injure another, shall be punished by imprisonment for not more than two years or by a fine of not more than one thousand dollars or both.

SECTION 101. Proof of the installation in any building of any device or arrangement which may be used for the purpose of violating the provision of section ninety-nine of this act by listening to any spoken words or proof of the tapping of any wire, unless duly authorized and unless done with the consent of the owner or person in control of the building, shall be *prima facie* evidence of the commission of the crime of eavesdropping; but nothing contained in this or the two preceding sections shall render it unlawful for any person to install and use such a device on premises under his exclusive control.

SECTION 102. The three preceding sections shall not apply to a corporation subject to the jurisdiction of the department of public utilities of the commonwealth or to the jurisdiction of the interstate commerce commission, or to the employees of any such corporation while engaged in the conduct of its business.

The order proposed an amendment to the law so that the New England Telephone and Telegraph Company and its employees would be placed on the same basis as every person in Boston and Massachusetts.

On February 28, 1927, the Mayor sent back the order accompanied by a veto message, and on March 14, 1927, he submitted to the City Council the opinion of the Corporation Counsel to substantiate his action in vetoing our order.

As he has summarized the entire situation which forms the basis for his veto by stating that there is

sufficient power now vested in the Department of Public Utilities to enforce an order relative to wire tapping or eavesdropping by the New England Telephone and Telegraph Company, we submit a letter which contradicts this opinion of his Honor and which is self-explanatory.

March 22, 1927.

MR. JOSEPH McGRATH, City Councilor, City Hall, Boston, Mass.

DEAR SIR,— I have your letter of the 19th instant, inquiring whether this department has ever issued an order relative to wire tapping or eavesdropping by the New England Telephone and Telegraph Company, and in reply would say that no such order has ever been issued by this department or its predecessor. My idea that an order of this commission would be difficult to enforce is based upon the fact that persons can listen in to telephone conversations without the people conversing being aware of it, and to effectively enforce such an order made by this department would involve the employment of a very great number of inspectors.

With kind regards, I am,

Yours very truly,

(Signed

HENRY C. ATWILL,  
*Chairman.*

This letter shows that as a practical matter the Public Utilities Commission, under their general powers, are unable to prevent wire tapping or eavesdropping on the part of the Telephone Company. Section 102 previously quoted, exempts the Company from prosecution or control under chapter 272 of the General Laws.

The committee believes this is a situation which should be corrected and submits this report so that if the matter is again taken up the Mayor and others interested will have the benefit of the information we have collected.

For the Committee,

JOSEPH McGRATH.

REPORT OF COMMITTEE ON APPROPRIATIONS  
SUBMITTING THE  
APPROPRIATION BILL FOR THE COUNTY OF  
SUFFOLK FOR 1927.

---

IN CITY COUNCIL, April 4, 1927.

In submitting this report of the work of the Committee on Appropriations in studying the budget estimates of the County of Suffolk for the year 1927, and with it the accompanying appropriation order, the committee thinks it worth while to dispel once more the currently accepted illusion that the city officials and the Council have no power in passing upon the estimates and in making the appropriations, and that consequently they have no duty to perform other than to pass the budget as submitted without consideration and without change. It is commonly stated in connection with the county budget, in a very general and all-inclusive way, that "the expenditures are all fixed by statute" or that "the City Treasurer must provide the money anyway upon the voucher of the county officer"; both of these statements are true only in a very limited degree and neither goes to the root of the principle of appropriating upon a budget plan, which is that money shall be raised by taxation only to the extent of the necessary requirements of government and administration, as determined in advance. It is true that a certain

number of positions and the salaries attached to them are fixed by statute and as to these neither the Mayor nor the Council has any power of change. But the personal service schedule, Schedule A, is only a part of the entire expense of administration, and of that schedule a very large number of salaries are under the control of the Mayor. That this is so has been determined in the courts and the authority of the Mayor is now admitted.

In our opinion the argument that "the money must be provided anyway and therefore there is nothing to be gained in considering the budget estimates" does not meet the question, which may be stated as follows: "How much money is going to be needed, and therefore must be raised by taxation, for the necessary expenses of the year, and how is it to be divided?" If more money is asked for than is going to be used, and the appropriating body appropriates the full amount, then it is acting to impose a needlessly heavy burden upon the taxpayer. We are dealing not with mere theoretical figures but with figures that will be translated later on into terms of the tax rate. Furthermore, there is the authority of the city charter which provides in section 3 that "It shall be the duty of the city *and county* officials, when requested by the Mayor, to submit forthwith in such detail as he may require estimates for the next fiscal year of the expenditures of the department or office under their charge, which estimates shall be transmitted to the City Council."

With these considerations in mind the committee entered upon its duties. His Honor the Mayor submitted the budget to the Council on February 14, 1927, with the statement that he was departing from the policy of deferring the submission of the county budget until the city budget was ready "in order that the Council may have ample time to study the estimates and allowances." Hearings began at 1 p. m. on March 1 and were continued on March 2, 3 and 8, until almost all the various department heads of Suffolk County had appeared before the committee and their budget esti-

mates and allowances examined. This included the sheriff, the justices or clerks of all the courts, including the district courts, and excepting only the Municipal Court, the Medical Examiners, Register of Deeds, and the Commissioner of Penal Institutions. In view of the delay attendant upon the passage of the tax limit bill by the Legislature it has seemed advisable to report the accompanying Appropriation Bill for the County of Suffolk separately in order to enable the auditor to set up the necessary expense control in his books and to assist and facilitate the financial operations of the city.

Commenting generally upon the bill, the total as submitted in the budget estimates (not including county debt requirements) was \$3,543,635.32; as allowed by the Mayor \$3,374,053.81; and as now reported by the committee \$3,346,057.98. The reductions made by the Mayor totaled \$169,581.51, and the further reductions made by your committee, \$27,995.83. The Bill as reported herewith represents a reduction of  $5\frac{1}{2}$  per cent, or in terms of tax rate, about 11 cents on an equivalent of \$2 of the tax rate. The total amount as reported, namely, \$3,346,057.98, is \$99,260.10 less than the total appropriated last year and, including the progressive reduction in the requirements for county debt, \$106,670.11. This reduction is accounted for partly by the fact that there were certain unusual expenses last year that did not recur this year (for example, in the Probate Court, the binding and printing of indices, \$11,000; the furnishing of the Dorchester and Brighton courthouses, \$25,000, and the building of a bulkhead wall at Deer Island, \$15,000), and very largely by the apparently more efficient operation of some of the large departments, and has been effected in the face of an increase in Schedule A of about \$30,000. A table of the increases and reductions in the various departments is shown on page 4.

It is worthy of remark that the county pay roll amounted to upwards of \$1,934,000 out of the total of \$3,346,000, or about 58 per cent, leaving only about \$1,412,000 for the other budget schedules. Considering the increase of \$30,000 in salaries together with the net reduction of \$106,000 there has obviously been a reduction in the other schedules of \$136,000, or almost 10 per cent.

The most marked reduction occurs in the appropriation for the Superior Court, Criminal Session. For making this possible, credit is almost entirely due to the District Attorney's office. Its expeditious and efficient handling of the large volume of business and the great number of cases which pass through the office enabled the committee to reduce still further the Mayor's allowances for the items *B-34* and *B-35*, so that the amount appropriated this year for *B-34*, *Jurors*, is \$150,000 as against \$175,000 last year, and the amount appropriated for *B-35*, *Fees, Service of Venires, etc.*, is \$70,000 as against \$85,000 last year, a clear saving of \$40,000. Before making this reduction the committee carefully checked the figures given by the District Attorney in a public speech and the actual three months' expenditures as reported to the auditor's office and is convinced that the figures allowed are amply sufficient to cover the expenses chargeable to these items. Credit is also due to the Chief Justice of the Superior Court, Civil Session, for his co-operation in agreeing to keep the expenses for *Jurors* down to an amount \$15,000 less than that appropriated for 1926.

Taking up the changes made by the committee in detail they are in order as follows:

#### COUNTY BUILDINGS.

In Schedule A-1 it was found possible to make a reduction of \$700 on account of the fact that certain cleaners allowed for in the budget were not to be actually employed at the Dorchester Courthouse until at least April 1.

Item *F-7, Pensions*, was reduced \$850, owing to the death of two pensioners since the beginning of the year.

#### SUFFOLK COUNTY JAIL.

*D-3, Fuel.* A reduction of \$2,000 in this item was found to be possible by arranging for the purchase of coal by the Supply Department under the city's contract.

*F-7, Pensions*, was reduced \$1,295.83, owing to the death of two pensioners since the first of the year.

#### SUPERIOR COURT, CIVIL SESSION, GENERAL EXPENSES.

Owing to the resignation of Mr. Bellew, equity clerk, the salary of \$5,000, which he received by statute, dropped back to \$4,500. A bill is now passing the Legislature putting this salary back at \$5,000, effective June 1. An allowance of \$4,800, however, is sufficient to cover payment of this salary for the year, and Schedule A-1 has accordingly been reduced \$200.

#### SUPERIOR COURT, CRIMINAL SESSION.

Schedule A-1 was reduced \$600 on account of an unfilled vacancy in the position of interpreter and Schedule A-2 was reduced \$1,000 in the allowance for clerks *pro tem.* on account of the more efficient expedition of criminal business.

The reduction of \$10,000 in *B-34, Jurors*, has already been explained, as has also the reduction of \$10,000 in *B-35, Fees, Service of Venires, etc.*

#### PROBATE COURT.

The allowance of \$2,000 for *B-35, Fees, etc.*, was found to be in excess of probable requirement and was accordingly cut \$500.

No changes whatever were made in the allowances for any of the district courts except the

#### DISTRICT COURT OF CHELSEA.

Here it was found that on account of an unfilled vacancy in the position of judge, there was some con-

fusion in the method of charging the salary of the temporary judge and it was found possible to reduce Item A-1 by \$850.

#### COUNTY DEBT.

The debt requirements are a fixed quantity every year, decreasing automatically as debt matures and is retired. The amount of the reduction this year is \$7,410.01, and the total amount required, for serial debt, sinking fund and interest, is \$118,705.50.

The foregoing reductions total \$27,995.83. The committee's work has, I believe, been done painstakingly, and the allowances examined with care. Thanks are due to the county officials for their courtesy and cooperation. It need hardly be said that the committee would not be able to report even the reductions which it has but for the assistance of the Budget Commissioner, whose work is responsible in the first instance for the excellent condition in which the budget was prepared and submitted. The Committee on Appropriations accordingly recommends the passage of the accompanying orders.

For the Committee,

HENRY PARKMAN, JR.,  
*Chairman.*
